

Futura Religious Education (RE) Curriculum Framework

Religious Education Curriculum Framework

Intent:

At Futura Learning Partnership, we are independent of the local authority and not required to follow the national curriculum or the local RE syllabus. However our curriculum must reflect: 'that religious traditions in Great Britain are in the main Christian, whilst taking account of the teachings and practices of the other principle religious traditions present in Great Britain.' [Education Reform Act 1988]. Section 48 of the 2005 Education Act requires the inspection of religious education in schools which have a religious character. This is the Statutory Inspection of Anglican and Methodist Schools (SIAMS).

As a result, the Futura intent for Religious Education is that all children develop an awareness of major world religions and world views, including their impact on society and culture. Our pupils should be able to appreciate and respect faiths and beliefs which may be different to their own, which will equip them for their adult life, employment as well as lifelong learning. Through RE lessons, children will be able to engage with challenging questions of meaning and purpose, which will equip them to continue their studies of RE in secondary school where they will deepen their understanding of different world faiths as well as more general philosophical and ethical questions. Our pupils will be given the opportunity to develop their own religious, spiritual and philosophical

beliefs in a safe environment. Children will be able to reflect, consider, analyse, interpret and evaluate different issues which are prevalent in our society, whilst also promoting mutual respect and tolerance in line with British Values.

Inclusion: Our curriculum is ambitious for all and strives to address inclusion and disadvantage in its intent and implementation

Aims: Underpinning the intent are key **substantive and disciplinary knowledge concepts:**
